(2)

As required in the Chief Secretary's letter No. $\frac{19}{24}$ dated 2nd April 1891, a monthly statement of heinous offences was being submitted to Government.

(5)

In Proceedings No. $\frac{3564}{373}$ dated 25th June 1891, particulars of steps taken towards detection of pending cases were required to be noted against each case included in the monthly statement. It became therefore necessary to include in the statement, the cases reported during the month as well as cases reported in the previous months, in which Progress Reports were received. The monthly statement of heinous offences continued to be submitted from May 1891 to January 1892, when it was discontinued, as required by the Chief Secretary by a D. O. which is not forthcoming in the office. The reasons for its discontinuance appear to be (1) that almost all the cases reported in the previous months had to be reported to Government monthly and progress made had to be shown against each case (2) that the statement became lengthy and tedious to check and (3) that no useful purpose was served by its submission to Government.

"Extract"

No Monthly or Quarterly

returns of Crime are sent in to Govt— Nothing beyond the information given in the Administration Report, nor are Special returns sent in from famine stricken Districts.

All appointments of Inspectors are made by the Inspector General. No report in such cases is made to Govt. In certain cases, if the men proposed to be entertained as Inspectors have not passed the requisite examinations making them eligible for such posts the sanction of Govt must be obtained; such applications

are very rare indeed."
